This lovingly maintained home has never been on the market, it was a local craftsman's personal home. It is in move-in condition and ready to provide years of great memories with a new family. A lot of thought was put into the home being ready to handle emergencies, there is a wood burning stove in the great room, a gas range, as well as several gas heaters mounted on the walls throughout the home, plus a gas water heater. So, if there is an extended power outage, you can rest easy and be able to heat, cook and shower without missing a beat. The land is just over 5 acres of unrestricted land offering plenty of peace, quiet and seclusion. Over 40 Blueberry bushes in the yard.
